

Charity club

<<THE ONE THAT HAS TWO PIECES OF CLOTHES TO DONATE THE ONE>>

This club is responsible for charity work .

*In this club.....
we help people who need different kind of stuff like clothes, food ,
medicine and sanitary items.*

Every morning we serve breakfast and every noon we serve lunch. Also in the afternoon we give fruits and at night, at 8:00p.m., we serve dinner.

This club has hospitals all over Greece ...

In total we own 318 hospitals and there are 8.5 thousand doctors from all over the world.

Our money donators are our volunteers and citizens. With their help we can go to Africa, Palestine, Ukraine, Japan and to other countries that need help.

You can donate clothes, shoes and toys that you don't need and we will give them through our social grocery to families who need them .

We have a 24h-open line for volunteering.

The number for the line is 231069832154765
